GENERAL INFORMATION

TELEPHONE DIRECTORIES

Telephone directories are furnished without charge for each customer of ATC. Additional directories are available at any one of ATC's locations. Every effort is made to ensure the accuracy of all listings in the telephone directory. Neither the telephone company nor the directory company will assume liability for errors or omissions which occur in the white or yellow pages of the directory. The utmost care is used in listing all subscribers correctly. Please report incorrect listings promptly so that we may change our records.

NUMBERS MAY BE CHANGED

ATC reserves the right at its sole discretion to change the subscribers' telephone number. Every effort will be made to keep our customers' inconvenience to a minimum.

EMERGENCY INTERRUPT OR BUSY LINE VERIFICATION

If you should have an emergency situation, you can ask the operator to interrupt or verify a busy line when attempting to dial another party. A charge will be assessed by the operator services to your telephone account for this service.

TELEPHONE REPAIR SERVICE

If your telephone service is not working properly, please notify ATC at 877-217-2069. A service technician will be dispatched to repair your problem as soon as possible. ATC is responsible for maintenance of the facilities used in connection with your dial tone to the outside of your location. These facilities include switching equipment and outside cable, and wires between our office and your home or business.

Our customers can choose to lease, rent, or purchase all their telephone equipment from ATC. Many customers also choose ATC for inside wire maintenance to avoid costly maintenance fees. For a low monthly fee, ATC can maintain all your inside wire and jacks if installed properly. If you choose to maintain your own system, be sure to disconnect all but one telephone, as shown in the diagram on page 6, before calling our repair service number. If the trouble is traced to equipment you own, a fee will be charged for the trip to your premises. It is recommended that customers owning their own equipment determine that the equipment is not the source of the problem before calling repair service. It is ATC's goal to provide you with facilities that minimize outages and maximize service.

STATEMENT OF NON-DISCRIMINATION

ATC has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the basis of race, color, or national origin in its policies and practices relating to applications for service, or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants, or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization. Any person who believes

himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with: The Secretary of Agriculture, Washington, D.C. 20250, or The Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed no later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to extent necessary to carry out the purpose of the Rules and Regulations.

USE OF SERVICE & FACILITIES

All facilities shall be furnished by and owned by the telephone company, and the company shall have the right to enter the subscriber's premises for the purpose of inspection, repairing, or removing such facilities, except that switched lines and telephones are owned and maintained by the subscriber. The connection of unauthorized attachments to or tampering with the line or telephone by the subscriber will subject the service of that subscriber to immediate disconnection or removal.

Telephone Service, under the rates hereinafter set forth, is only for the use of the subscriber, his family, and, in the case of a business telephone, his employees and business associates. Normal use of the telephone by house guests, occasional business visitors and like persons is considered to be proper. Abnormal use, such as one telephone by two or more families, the patrons of a hotel, and like instances, is not considered to be within the rates charged. Such abnormal use will entitle the company to disconnect, or remove the telephone, or demand the installation of the proper type of service to meet the situation, such as pay stations, additional listings, joint users, changing the location of the telephone, etc.

The subscriber shall be responsible for reasonable care of the telephone and other facilities attached to his premises. He shall be responsible for all charges accruing to his telephone, specifically in the case of long distance, whether he personally placed the call or accepted the charges. Such subscriber responsibility shall continue until the service is terminated in accordance with "Termination of Service" below. The subscriber has no property or other rights in the telephone number, and the company reserves the right to change the number whenever it is desirable to do so.

When the use by any customer of this service is such that there is unreasonable interference with the operators or with other telephone subscribers, the company reserves the right to discontinue the service. Such unreasonable interference would include refusal to abide by the rules and regulations set forth: the allowing of babies and small children to play with the telephone, the placing of calls impossible of completion, habitual use by intoxicated persons, the use of the telephone or lines for purpose other than regular communications, and similar other examples.

Profane or indecent language by a subscriber will be considered unreasonable interference, and should the offense be grave or habitual enough to interfere with the operators or other telephone users, the company reserves the right to discontinue the service.

Termination of service shall be in accordance with the above rules and regulations, by the Telephone Company for cause, or on order of the subscriber. In addition, service may be terminated at the option of the Telephone Company in case of nonpayment of bills. The subscriber shall be responsible for all charges accruing to his telephone in accordance with this paragraph.

PAYING YOUR BILL

Bills are rendered on the 1st of each month for local service in advance for a one-month period from date of bill and for long distance as per itemized statement. All charges (including long distance) are payable on demand, delivery, or upon receipt of statement.

All bills due by the subscriber are payable at the ATC office on or before the 15th of each month.

Balances not paid by the 15th may be subject to a late fee.

Accounts not paid by the 29th may be cut-off for non-payment.

TELEPHONE BILL PAYMENTS MAY BE MADE AT THE FOLLOWING LOCATIONS:

- ◆ **ATC Alma**
405 West 11th Street
- ◆ **ATC Baxley**
371 West Parker Street
- ◆ **ATC Blackshear**
3343 Highway 84, Suite 104
- ◆ **First Southern Bank**
6365 Highway 84, Patterson
- ◆ **First Southern Bank**
Highway 84E, Waycross
- ◆ **Pineland Bank**
Main Branch: 501 West 12th Street
Drive-In: 505 South Pierce & 18th Streets

Payments made to the banks listed to the left must include the payment card. The banks will not accept partial payments.

Late-paying customers are advised not to utilize these payment locations the last few days before disconnection. This is to assure that the payment reaches ATC in time.

For your convenience, a drive-in payment box is located on the south side of ATC, 101 Mercer Street Building, in Alma.

AUTOMATIC DRAFT

Save time and money with ATC's Automatic Draft. No more checks to write or stamps to stick. You'll have more free time to do the things you enjoy and peace of mind knowing your phone bill is paid.

How Will It Work?

Your monthly billing statement will be mailed to you for review during your regular billing cycle. The amount due will be deducted from your account and applied to the bill on your regular billing date, as seen on your statement. For more information on your billing cycle or your billing date, please call our office at any of the main numbers listed below.

Alma 912-632-8603
Baxley 912-705-5000
Blackshear 912-449-5443

What If There Are Charges On My Bill I Didn't Make?

Call us as soon as possible and we will investigate the charges for you. We can hold or adjust the Automatic Draft for the period, or we can give you credit on your bill the following month.

ATC TOOLS

Just Call

1-877-217-2842

to let us know you no longer want to receive a paper copy of your bill.

Then visit our home-page at www.atc.cc and select the "Pay Bill" link, ATC's online billing service that will allow you to view and pay your account online.

You will need your telephone/billing number, account number, and e-mail address to sign up.

PAYING YOUR BILL

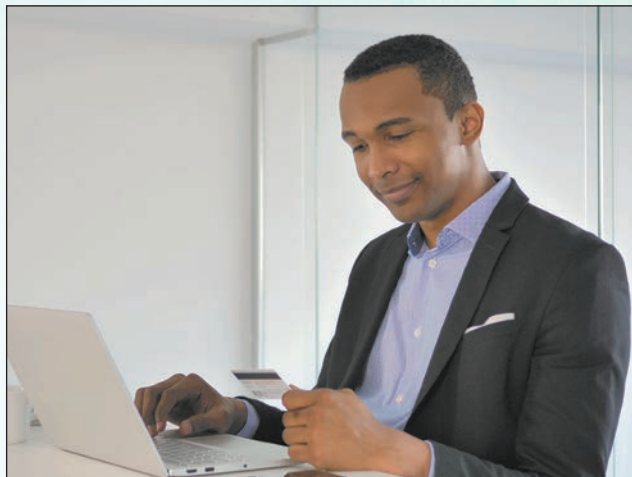

I Don't Bank Locally. Can I Still Use Automatic Draft?

Yes, we can draft from ANY bank in the United States.

How Do I Begin Automatic Draft?

Fill out the information below. We will need your Routing Transit Number and your Account Number. You can find this information on your checks, or contact your bank and they will help you locate these numbers. Enclose a voided check from your checking account. Return this completed authorization form and the voided check to Alma Telephone Company at one of the following addresses:

405 W. 11th St., Alma, GA 31510
371 W. Parker St., Baxley, GA 31515
3343 Hwy 84, Ste 104, Blackshear, GA 31516

CUSTOMER INFORMATION

INSIDE WIRE MAINTENANCE

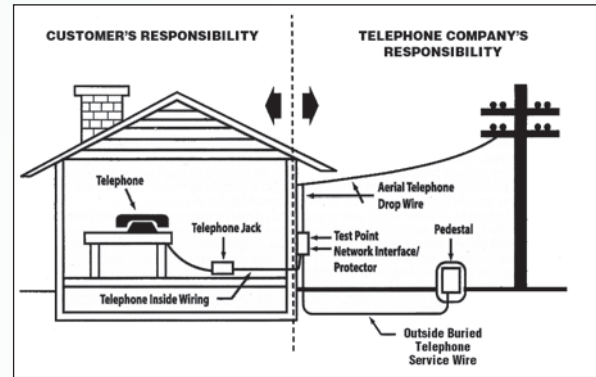

What is inside wiring? The protector box on the outside of your house is called the point of demarcation. The wire coming into the box from the pole is regulated, and ATC is the one who is authorized to maintain or install this line and the protector box. The wiring going from the protector box into your house is considered inside wiring. This is deregulated, and ATC or yourself or a contractor may install or maintain this wiring. Inside wiring does include the telephone jack but does not include the telephone set or any equipment you may have attached to the jack.

For a flat charge per access line, ATC will maintain all inside wiring (if it is properly installed). For this charge we will maintain all of your inside wiring regardless of who installed your wiring or how many jacks you have installed. If you are covered by ATC's inside wiring program, there will be no additional cost for trouble, locating, or repair of inside wiring, except that caused by negligence or willful acts.

Trouble calls made where trouble is caused by customer owned equipment or customer maintained wiring will result in a maintenance service call. To avoid these charges, test the equipment or wiring you own or maintain before you request a service call. If the trouble is in our lines, please call repair service and we will repair it as soon as possible.

Fax Line	912-449-2602

CHECKING PROBLEMS

1. Are all phones out? If so, the problem may be in the telephone line outside your home or business. Call your local service provider.
2. Does the phone work in one jack, but not another? If so, the problem may be inside wiring or the other jack. Your options for repair of these inside problems are to contact your local service provider, call another company, or fix the problem yourself.
3. Is one phone out, but another works in the same jack? If so, the problem may be in your phone equipment. Call the vendor, supplier or manufacturer of the equipment.
4. Do you have a cordless phone? If so, unplug it and then try your other phones. The cordless phone could be the problem.
5. Do you have a problem with your Caller ID display unit? Check the batteries first.

FEDERAL DO-NOT-CALL REGISTRY

Georgia residential consumers who want to reduce the number of unwanted telemarketing calls from telephone solicitors trying to get you to purchase, rent or invest in property, goods or services are encouraged to register with the free Federal Do-Not-Call Registry.

Simply register your phone numbers with the Federal Registry online at www.donotcall.gov or call toll-free 1-888-382-1222, TTY 1-866-290-4236 from the number you wish to register. While being on the Do-Not-Call Registry may significantly reduce the number of unwanted solicitations you receive, it will not prevent you from receiving calls from:

- (1) Businesses that have an established relationship with you. An established relationship exists if you have purchased, leased or rented goods or services from the business within 18 months preceding the

call, or if you have submitted an application or made an inquiry to the business within the three months preceding the call;

- (2) Recognized charitable or religious organizations; or
- (3) Political pollsters or candidates for public office.

Federal law requires telemarketers to search the Registry every 31 days and synchronize their call lists with the phone numbers that are on the Registry. If you receive telemarketing calls after you have registered your telephone number and it has been in the Registry for 31 days, you can file a complaint at DONOTCALL.GOV or call 1-888-382-1222 or TTY 1-866-290-4236. You will have to know the company's name or phone number to file a "do not call" complaint.

(REVISED: January 2013)

LIFELINE

FOR ATC CUSTOMERS IN ALMA, NICHOLLS AND PATTERSON

Lifeline is a federal benefit that makes monthly telephone and/or broadband service more affordable for eligible households. Your household may receive Lifeline on one wireless OR one home telephone or broadband service, but not both.

How Much Can I Save On My Phone Bill?

You will save \$9.25 on your basic monthly bill. These benefits apply to your local telephone service charges that you purchase as a flat rate service, measured service (*including local usage*), or local service purchased as part of a bundled service. These benefits will also cover your subscriber line charge.

How Do I Know If I'm Eligible?

You're eligible for Lifeline if you participate in any of the following programs:

- Food Stamps
- Medicaid
- Supplemental Security Income (SSI)
- Federal Public Housing (FPHA)
- Income at or below 135% of the Federal Poverty Guidelines
- Veterans Pension and Survivors Benefit Programs

Are There Any Restrictions?

Lifeline can only be used for the main telephone line or main broadband service in a household. Your household may not receive the Lifeline benefit from more than one telephone company. The name on your phone bill must match the name of the participant who is eligible in the program. You may purchase any service available to a non-Lifeline customer. However, the Lifeline credit is not available on the lines in a multiple line local service package offering.

How Do I Apply?

To apply for Lifeline, call 632-8603. You will be asked to provide proof of your eligibility by providing a copy of a document that verifies you participate in any of the programs mentioned above. Your Lifeline benefits will take effect when proof of eligibility is received.

How Do I Continue To Receive Lifeline Benefits?

Eligibility is reviewed periodically. Your benefits will be discontinued when you no longer meet eligibility requirements.

Being A Lifeline Customer Does Not Protect You From Being Disconnected If You Fail To Pay Your Telephone Bill.

Neighbors Serving Neighbors

CALLING ZONES

YOUR LATA IS THE SAVANNAH LATA.

This map shows the boundaries of all Georgia LATAs. A list of the codes included in your LATA is provided below. Long distance charges may apply to some calls in your LATA.

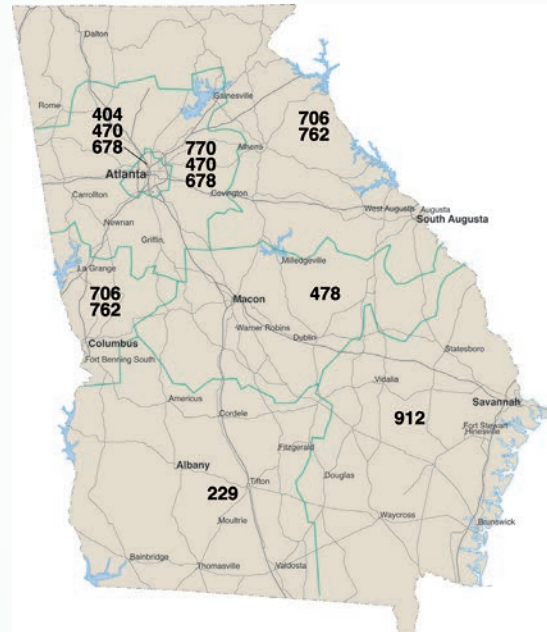

All telephone calls outside of our LATA are handled by an "Inter-exchange Carrier." At the present time, ATC customers can choose the Carrier of their choice.

ATC customers currently have free county-wide calling. Listings in this directory outside your county are chargeable toll calls.

LATAs - A LATA is a geographic area.

There are 7 LATAs in Georgia:

- ◆ Albany Area
- ◆ Atlanta Area
- ◆ Augusta Area
- ◆ Macon Area
- ◆ Savannah Area
- ◆ Chattanooga, TN Area
- ◆ Montgomery, AL Area

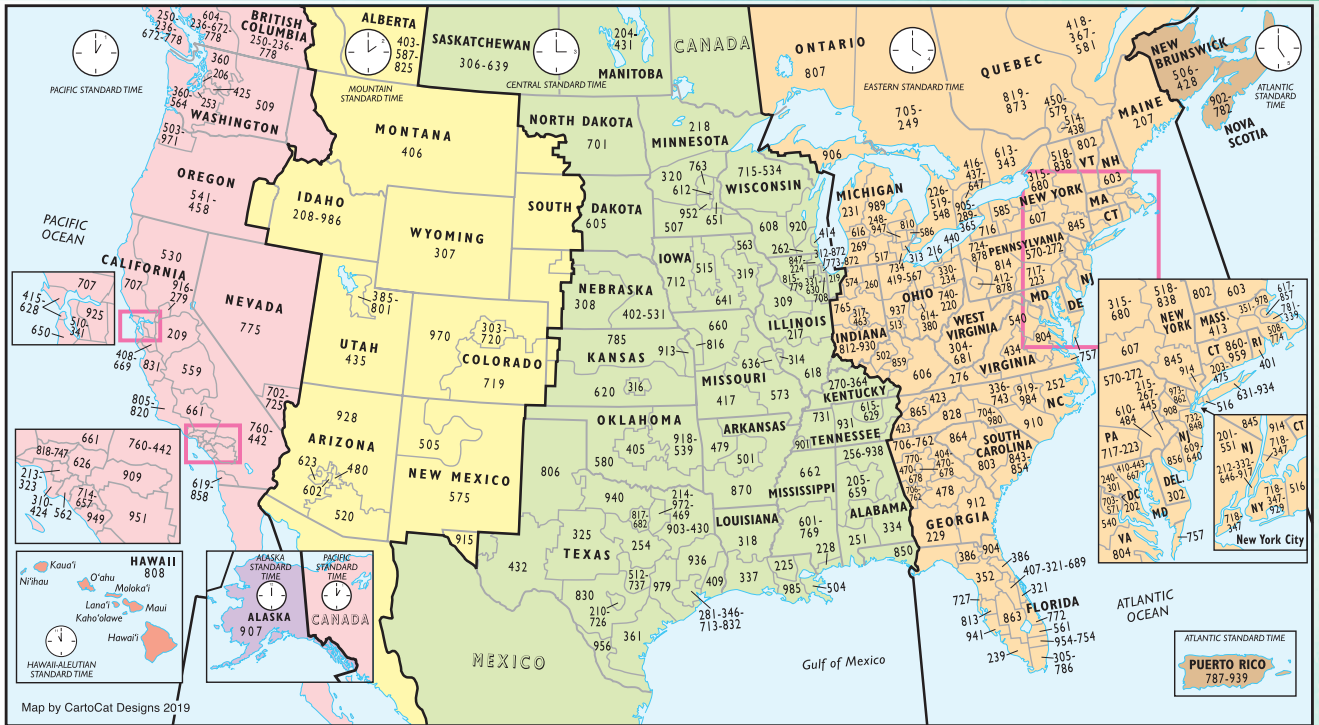

HERE IS A LIST OF THE PREFIX CODES (THE FIRST THREE DIGITS OF A LOCAL TELEPHONE NUMBER) INCLUDED IN YOUR LATA. IT WILL HELP YOU FIND OUT WHICH TELEPHONE NUMBERS ARE LOCATED IN PLACES WITHIN YOUR LATA. AREA CODE 912

GEORGIA RELAY

Start connecting today with Georgia Relay

Georgia Relay is the convenient, easy-to-use telecommunications system for Georgians who are deaf, hard of hearing, deaf-blind or have difficulty speaking.

Georgia Relay is a FREE public service administered by the Georgia Public Service Commission that makes it possible for people who are deaf, hard of hearing, deaf-blind or have difficulty speaking to communicate over the telephone. A specially trained Communication Assistant (CA) facilitates the call. All relay calls are confidential and there are no records kept of relay conversations. Relay services are available 24 hours a day, seven days a week, 365 days a year. There's no limit on the length or number of calls you may place or receive.

Anyone may initiate a Georgia Relay call, simply by dialing 7-1-1.

Georgia Relay features:

- **TTY** – allows people who are deaf or hard of hearing to type their messages and read the other person's responses
- **Voice Carry-Over** – for people who are hard of hearing and are able to speak clearly
- **Hearing Carry-Over** – for people who are able to hear and have difficulty speaking
- **Speech-To-Speech** – for people who have difficulty speaking or being understood on the phone
- **Captioned Telephone (CapTel)** – for people who have difficulty hearing; allows users to listen while reading captions of what is said to them throughout their conversation
- **Voice** – allows standard phone users to communicate with people who are deaf, hard of hearing, deaf-blind or have difficulty speaking
- **Spanish Relay** – all services are available in Spanish

CapTel is a registered trademark of Ultratec, Inc.

To make a Georgia Relay call, dial 7-1-1 or...

TTY: 1-800-255-0056

Voice: 1-800-255-0135

Speech-To-Speech: 1-888-202-4082

Spanish: 1-888-202-3972

Customer Care:

Voice/TTY: 1-866-694-5824

Email: garelay@hamiltonrelay.com

Web: www.GeorgiaRelay.org

Captioned Telephone (CapTel)

To call a CapTel user:

Dial 7-1-1 or 1-877-243-2823

Customer Service:

1-888-269-7477 (Voice/TTY)

In an emergency, dial 9-1-1!

FREE EQUIPMENT!

For people who qualify medically and financially, free equipment is available through the Georgia Telecommunications Equipment Distribution Program. To learn more, call 1-888-297-9461 (Voice/TTY) or visit www.gcdhh.org/gatedp.

ATC RESIDENTIAL SERVICES

ATC's line of Residential Services offers the same innovative technology that you'd find anywhere in the country. With our service commitment to provide the best communications products around and our world class service with a hometown attitude, ATC is keeping you "our customer" in mind. From Voice and Internet to Cable TV—ATC has you covered.

VOICE

Whether it's an occasional call home or dozens of calls each month, ATC has a local and long distance plan to meet your needs. With extremely competitive rates, crystal clear fiber optic voice quality and the convenience of having all your ATC services on one bill—you won't find a better solution for Telephone in the area.

Plus Calling Features! ConnectPAKs calling feature package includes Caller ID, Call Waiting, Call Return, Call Forwarding and Three-Way Calling. And we have dozens more to choose from!

INTERNET

From conducting family business, to the kid's homework, to access of news and entertainment, today's homes demand Internet connectivity. ATC makes Internet connection faster, more reliable, more affordable and more fun than ever with a full suite of products and services through ATC.

- Direct Connectivity to the world through ATC's dependable fiber optic network
- Competitive, low rates
- High Speed Internet—Cable Modem and DSL
- Convenient web access to ATC e-mail and spam filter

DIGITAL CABLE TV

ATC brings you great local programming, movies, news, sports, special interest channels, and much more with our Digital Cable TV service. You'll not find a clearer, more affordable source for television home entertainment.

Extras include Movie Channel packages (HBO, Cinemax, Showtime, Starz, Encore and more), HDTV (high definition with life-like pictures and Dolby® sound) with over 50 free HD channels and DVR (digital video recorder) where you can watch what you want, when you want by recording, saving and pausing your favorite programs—even live TV.

CONNECTPAKS

Bundle and Save Big with ATC's ConnectPAKs! By combining services that used to be advertised, or ordered, installed, billed and serviced separately, those services can be delivered less expensively—so the collective price of those services can be lowered!

If you already use all of the services in one of our new ConnectPAK bundles, we'll lower your bill to the bundle price if you simply let us know which ConnectPAK you wish to have. If you already use some of the services in one of our new bundles, compare your current monthly costs with the price of a bundle with similar services. Chances are that you'll discover you can sign up for the bundle and gain a new service—like High Speed Internet or a Cable TV upgrade—for only pennies per day!

CUSTOM CALLING FEATURES

These convenient features can simply be added to any telephone line, making your phone more useful and powerful.

CALL WAITING

Notifies you when someone else is calling while you are on the telephone.

How To Use Call Waiting:

1. If while on the phone you hear a short “beep,” you will know someone else is trying to reach your number. To answer the second call without ending the first, press and release the “switchhook” button quickly. Your first call is placed on “hold” while you are connecting with the second caller.
2. To return to the first call, press and release the “switchhook” button quickly.
3. By pressing and releasing the “switchhook” button, you can alternate between callers and each conversation is private.

CANCEL CALL WAITING

Eliminates Call Waiting tones from interrupting conversations, facsimile transmissions, internet, and computer modems.

To Use Cancel Call Waiting Before Making A Call:

1. Press ***70** from your touch-tone phone (on a rotary phone dial 1170).
2. Dial the number you want to reach.

To Use Cancel Call Waiting During A Call (Requires Three-Way Calling):

1. Press and release the “switchhook” button quickly to place the call on hold.
2. After hearing the dial tone, press ***70** (on a rotary phone dial 1170).
3. Press and release the “switchhook” button quickly and return to your call.

SPEED CALLING

Stores the numbers you frequently call, and dials them with the push of one or two buttons. Available in either an eight or thirty number list.

Program Instructions For Speed Calling 8 Or 30:

1. Choose a one-digit code (numbers 2 through 9) for Speed Calling 8. Choose a two-digit code (numbers 20 through 49) for Speed Calling 30 for each number you wish to enter. Toll charges apply on long distance calls.

2. Press ***74** for Speed Calling 8 (on a rotary phone dial 1174). Press ***75** for Speed Calling 30 (on a rotary phone dial 1175).
3. Wait for the dial tone. Enter the code you have selected and complete telephone number including the 1 plus area code for long distance numbers. Two beeps will confirm your entry. Hang up.
4. To change a number on your Speed Calling list, repeat steps one, two and three. The old number will automatically be replaced in memory with the new number.

To Use Speed Calling 8 Or 30:

1. Press the speed dial digits that correspond to the number you want to reach.

Example: Dial 22# (on a rotary phone dial 22) and your call will be dialed automatically.

THREE-WAY CALLING

Allows you to add a third party to your conversation. Works with local and long distance numbers.

Adding A Third Party To Your Call:

1. Press and release the “switchhook” to put your first call on hold.
2. After hearing the dial tone, dial your third party.
3. When your third party answers, press and release the “switchhook” button. This will connect all three parties.

To End Three-Way Calling:

Press and release the “switchhook” button to disconnect the last party. If either party hangs up, you may continue to speak with the remaining party.

CALL TRANSFER

Easily transfers a call to someone else.

How It Works:

You can transfer a call to another number or add a third person to a call. When you are ready to hang up, the other two people can continue their conversation.

To Transfer A Call:

1. Press and quickly release the “switchhook” to place the person you are talking to on hold.
2. Listen for the dial tone.
3. Dial the third person’s phone number. If you have Speed Calling, you may dial one of your codes instead.
4. When the third person answers, you can talk privately before making it a three-way conversation.
5. To complete the transfer, press and quickly release the “switchhook.” You can now talk to both people simultaneously.
6. Hang up. The other two people can continue their conversation.

To Cancel The Transfer:

1. You can cancel the transfer at any time—if the third person does not answer, you receive a busy signal or recording or you wish to cancel the transfer after talking to the third person, just press and release the “switchhook” twice. You will be reconnected to the person who is on hold.

NOTES:

Any chargeable or long distance call you place for the transfer or three-way conversation will be billed to your number.

The “switchhook” is the button the handset pushes down when you hang up the phone. Some telephones have a Link or Flash key you can press instead.

CUSTOM CALLING FEATURES

REPEAT DIALING

Your phone will continuously attempt to redial a busy number, and will alert you with a special ring when the line is free.

To Use Repeat Dialing:

1. When you hear a busy signal, press and release the "switchhook" to get a dial tone.
2. Press ***66** (on a rotary phone dial 1166). Your phone will continuously try the line for up to 30 minutes.
3. You will hear a special ring when the line is free.
4. When you pick up the handset, your call will automatically be made.

To Cancel Repeat Dialing:

1. Press ***86** (on a rotary phone dial 1186).

CALL RETURN

Allows you to return a call to the number that called you. Who's calling you is no longer a mystery.

To Use Call Return:

1. Press ***69** (on a rotary phone dial 1169). Listen for an announcement that will tell you the phone number of the last caller. You have the option of returning the call. Follow the voice instructions.

If The Line Is Busy:

1. Hang up. Your phone will automatically return the call for up to 30 minutes.
2. You will hear a special call back ring when the line becomes available.
3. Your call will automatically be placed when you lift the handset.

To Cancel Call Return Request:

1. Press ***89** (on a rotary phone dial 1189) and listen for tone or announcement. Hang up.

CALL TRACE

Allows you to trace annoying telephone calls. By dialing a special code you can trace the call, and the telephone number of the caller will be printed at your local telephone company.

To Use Call Trace:

1. After receiving an annoying call, hang up.
2. Lift the handset; listen for the dial tone.
3. Press ***57** (on a rotary phone dial 1157) and listen to the voice instructions for an additional code. The call will now be traced.
4. Listen for a confirmation announcement.

NOTES:

You must activate Call Trace immediately after an annoying call. If you receive another call or if you hear a Call Waiting tone, the wrong call will be traced.

You must call your ATC business office within two business days to ensure the information is kept on file.

Information will only be released to law enforcement for the purpose of prosecution.

CALL FORWARDING

Allows you to transfer your calls to another number of your choice. You no longer have to miss those important calls.

To Use Call Forwarding:

1. Press ***72** (on a rotary phone dial 1172) and listen for the dial tone.

2. Dial the telephone number to where you want your calls transferred.

To End Call Forwarding:

1. Press ***73** (on a rotary phone dial 1173). You will hear two short "beeps" to inform you that Call Forwarding is no longer activated.

NOTES:

You will hear a short ring each time someone dials your number. You cannot answer the calls from the base location. This is only a reminder that Call Forwarding is still activated.

You will be billed long distance charges for calls forwarded to a number outside your local calling area.

CALL FORWARD REMOTE ACCESS

Allows you to turn on, turn off, or change your forwarding number from any location.

How It Works:

You can use a touch-tone telephone at another location to change your Call Forward on your home or business phone.

To Activate Call Forward Remote Access:

1. Dial call forward access # supplied by the telephone company.
2. Enter phone number with the pin, press #.
3. Enter ***72** to activate Call Forwarding, press #.
4. Enter number to forward to, press #.
5. Press **1** to confirm.
6. You will hear a stutter dial tone. Hang up.

To Deactivate Call Forward Remote Access:

1. Dial call forward access # supplied by the telephone company.
2. Enter phone number with the pin.
3. Enter ***73** to deactivate Call Forwarding.
4. You will hear a stutter dial tone. Hang up.

SELECTIVE CALL FORWARDING

Select only the telephone numbers you want forwarded and program the destination number to which they are forwarded. Your phone will ring as usual with calls that are not selected.

To Use Selective Call Forwarding:

1. Press ***63** (on a rotary phone dial 1163).
2. Listen to the voice instructions which will guide you through the steps of how to turn Selective Call Forwarding on and off, and edit your Selective Call Forwarding list.
3. To add the last caller to your list, press **#01#** (on a rotary phone dial 1201).
4. To enter your forward-to number, follow the instructions.
5. To hear the instructions again, press **0**.
6. You can store up to sixteen numbers on your forward list.

CALL FORWARDING BUSY/NO ANSWER

With this feature you can forward your calls to another number when your line is busy or there is no answer after the specified number of rings. This feature is not available in conjunction with Voice Mail.

To Use Call Forwarding Busy/No Answer:

1. Call Forwarding Busy: press ***90** (on a rotary phone dial 1190). Listen for the dial tone and enter the number to which the calls will be forwarded.
2. Call Forwarding No Answer: press ***92** (on a rotary phone dial 1192). Listen for the dial tone and enter the number to which the calls will be forwarded.

CUSTOM CALLING FEATURES

3. To end Call Forwarding Busy, press ***91** (on a rotary phone dial 1191).
4. To end Call Forwarding No Answer, press ***93** (on a rotary phone dial 1193).
5. Listen for two "beeps," then hang up.

CALL FORWARDING WARM

With this feature, the phone will automatically dial a preselected number if knocked off the hook for more than 30 seconds. This is a good feature for the disabled, elderly or handicapped person to have. ATC suggests optimal use of this feature by including Personal Ringing or Caller ID on the called party's phone.

CENTRAL OFFICE CALL FORWARDING

This feature is ideal for people who have moved to another permanent location. Alma Telephone Company will forward your calls to a pre-selected location.

DISTINCTIVE RINGING

Allows you to create a list of up to sixteen numbers that have one distinctive ring. The ring lets you know someone from your list is calling. Works with Call Waiting and Caller ID.

To Use Distinctive Ringing:

1. Press ***61** (on a rotary phone dial 1161). Voice message lets you know if the feature is on or off. It will also let you know how many numbers are stored in your list (if any).
2. Follow the voice instructions and press **3** to turn this feature on or off.

To Add The Last Caller To Your List:

Press **#01#** (on a rotary phone dial 1201).

To Add A Number To Your List:

Press **#** (on a rotary phone dial 12); then follow the voice instructions.

To Remove A Number From Your List:

Press ***** (on a rotary phone dial 11); then follow the voice instructions.

To Hear The Numbers On Your List:

Press **1** after the list is read; follow the voice instructions.

To Hear The Instructions Again:

Press **0**.

PERSONAL RINGING (TEEN SERVICE)

Great for roommates, teenagers and businesses. With Personal Ringing, you have a second phone number with a distinctive ring, but only one phone line. With a unique ringing pattern, you can determine whom the call is for. This feature allows you to have some benefits of a second line at a fraction of the cost. Works with Call Waiting and Caller ID.

CALLER ID DELUXE

See who is calling before you answer. You can decide if you want to answer the call. Provides more privacy and security. You will need a display phone or add-on unit in order to have this feature.

Facts About Caller ID:

1. The telephone number of the caller will appear on your display screen after the first full ring.

2. The telephone number will remain on the screen until you or the caller hang up.

3. If the letter "P" or word "Private" appears on your screen, the caller may have blocked the display of his name and number. It is your decision whether or not to answer the call.

4. If "Unknown Number" appears, the call is coming from an area or piece of equipment where the information is not available.

Call Waiting Deluxe and Caller ID can work together to let you see who's calling, even when you are already on the phone! When you hear the beep, check your display equipment for an incoming call (Caller ID services and compatible display equipment are required for Call Waiting Deluxe to work properly and must be purchased separately).

CALLING NAME & NUMBER

See who's calling before you answer the phone.

How It Works:

When you receive a call, the name and number of the person calling you is shown on your Caller ID display screen.

How To Use:

1. When you receive a call, wait until your telephone completes the first ringing signal.
2. The telephone number calling you, as well as the name associated with that number in telephone company records, will automatically appear on your display screen.
3. If you choose to answer the call, the name and/or number will remain on the screen until you or the caller hang up.

NOTES:

Subscription to Calling Name and Number service requires the lease or purchase of a display telephone or an add-on display unit.

If a letter "P" or word "Private" appears on your display after the first ring, the caller may have blocked the display of his name and number by pressing *67 (or by dialing 1167 on a rotary phone) before placing the call. You can choose whether or not to answer the call.

If "unknown name," "unknown number," "out of area," or "0" appears, the caller is in an area that does not support Calling Number services.

SELECTIVE CALL ACCEPTANCE

Selective Call Acceptance allows you to create a list of up to sixteen numbers from which you are willing to accept calls. All calls from numbers that are not on your list will be sent to an announcement stating that you are not receiving calls at this time.

To Use Selective Call Acceptance:

1. Press ***64** (on a rotary phone dial 1164). An announcement will tell you if the feature is on or off. A pre-recorded voice will let you know how many numbers are stored on your list (if any).
2. Press **3** to turn this feature on or off.

To Add The Last Caller To Your List:

To add the last caller to your list, press **#01#** (on a rotary phone dial 1201).

To Add A Number To Your List:

Press **#** (on a rotary phone dial 12); then follow the voice instructions.

To Remove A Number From Your List:

Press ***** (on a rotary phone dial 11); then follow the voice instructions.

CUSTOM CALLING FEATURES

To Hear The Numbers On Your List:

Press **1** after the list is read, follow the instructions.

To Hear Instructions Again:

Press **0**.

Anonymous Call Rejection

With this feature, you can reject callers who have blocked their number from being displayed on your Caller ID device.

To Use Anonymous Call Rejection:

1. Press ***77** (on a rotary phone dial 1177).
2. After hearing the confirmation tone, hang up.

To Cancel Anonymous Call Rejection:

Press ***87** (on a rotary phone dial 1187).

NOTE:

When a call from a blocked number comes to your phone, the caller will hear a recording stating that you do not accept anonymous calls, and that the caller's number blocking should be removed and the call redialed.

SELECTIVE CALL REJECTION

Selective Call Rejection allows you to create a list of up to sixteen numbers from which you do not wish to receive calls. The caller will hear an announcement stating that you are not receiving calls at this time. You may change the numbers on your list at any time.

To Use Selective Call Rejection:

1. Press ***60** (on a rotary phone dial 1160). An announcement will tell you if this feature is on or off and also how many numbers are stored in your rejection list. Press **3** to turn this feature on or off.
2. Press **#01#** (on a rotary phone dial 1201) to add the last caller to your list.
3. Press **#** (on a rotary phone dial 12) to add a number to your list. Follow the voice instructions.
4. Press ***** (on a rotary phone dial 11) to remove a number from your list. Follow voice instructions.
5. Press **1** to hear the numbers on your reject list. Voice instructions will follow.
6. Press **0** to hear the instructions again.

PER-CALL BLOCKING

Block your number from being displayed to others.

How It Works:

By dialing a code before you place a call, you can prevent your phone number from appearing on the Caller ID display of the person receiving your call.

How To Use:

1. Lift the handset, and listen for the dial tone.
2. Press ***67** (on a rotary phone, dial 1167).
3. Dial the number as usual.
4. The person you call will not be able to see your number on his display screen. Instead, a "P" or "Private" will be displayed.

NOTES:

You must dial ***67** before each call you place. Otherwise, your phone number will be released to the person receiving your call.

If you have requested Per-Line Blocking from your telephone company, you do not need to dial a code to block your number each time you place a call. Your number will always appear as "Private." To override Per-Line Blocking (allowing your number to be displayed) on an individual call, dial ***67** before placing the call.

LONG DISTANCE SERVICE

ATC can provide the same services as AT&T, MCI and Sprint and combine them on one easy bill with your local service. ATC has designed its long distance services to be simple with competitive rate plans tailored especially for the local calling patterns. We are proud to say that as a local company, our customer service is superior to others. Call us and see.

LONG DISTANCE BLOCKING

This restriction blocks the ability to dial a "1" or "0" to place long distance or operator-assisted calls. You will still be able to dial local and "800" numbers as well as "911."

"800" NUMBER BLOCK

This restriction blocks the ability to dial "800" number services.

"900" NUMBER BLOCK

This restriction blocks the ability to dial "900" and "976" number services. Installation is free.

COLLECT BLOCK

This restriction blocks your telephone number from receiving collect calls.

THIRD NUMBER BLOCK

This restriction blocks your telephone number from being billed for third party calls.

LONG DISTANCE BLOCKING OPTIONS

The previous options listed—Long Distance Service, Long Distance Blocking, "800" Number Block, "900" Number Block, Collect Block, and Third Number Block—all come with no installation charge and are also free.

VOICE MAIL

Voice Mail is easy to use and has several advantages over answering machines. It can handle up to three lines or directory numbers per mailbox and takes multiple incoming calls at the same time. All messages are pass code protected. Provides ten minutes of total message time.

WIREGUARD

Since 1984, the customer has been responsible by law for the maintenance and care of the telephone wires within his home or business. ATC continues to stand by your side, offering very affordable wiring protection from wear and damage. From the "protector box" outside, through the walls and right up to your phone, we've got you covered no matter what happens.

LONG DISTANCE CALLS

Person-To-Person, Credit Card, Operator-Handled, Time and Charges, and other Special Calls must be placed with the Operator. Dial "0" for Operator and state your request.

DIRECT DISTANCE DIALING

To Call Within Area Code 912:

For Example: Dial "1" + 912 + 555 + 1234.

To Call Outside Area Code 912:

For Example: Dial "1" + Area Code + 555 + 1234.

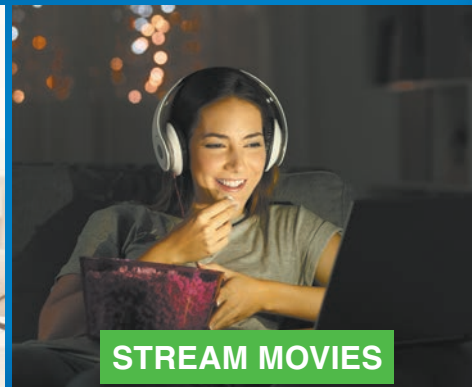

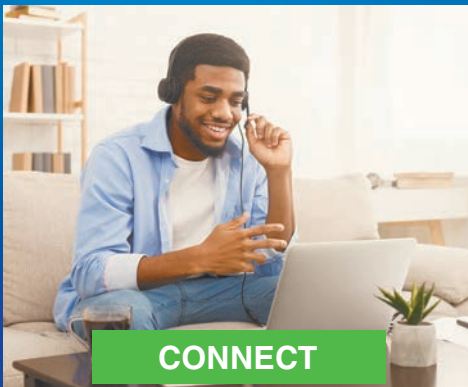

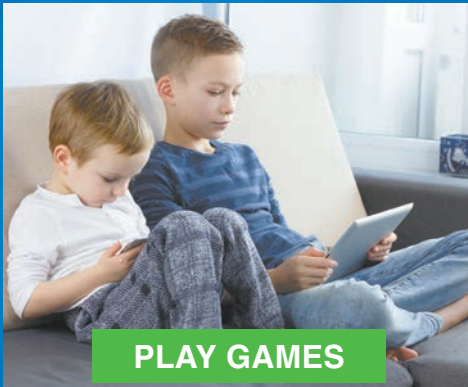

To Obtain A Telephone Number:

For Example: Dial 411.

If you need assistance, dial "0" for the Operator.

HDTV INFORMATION

What Is The Difference Between HDTV & HDTV-Ready?

HDTV (also called an "integrated HDTV") combines an HD-capable display and an HDTV tuner in one package. The tuner can usually receive both digital and analog over-the-air broadcasts. Nearly all HDTV sets use the widescreen 16:9 aspect ratio. This type of TV and ATC Basic Cable are all you need in order to receive HD programming. The integrated tuner can detect the Digital Channels that we simulcast. HDTV-ready TV (also called an "HDTV monitor") has the high-resolution display, but must be connected to a separate HDTV tuner to receive digital broadcasts. HDTV-ready TV's can have either the square 4:3 aspect ratio or the widescreen 16:9 ratio.

I Have A Black Digital Receiver & A New HDTV. Why Don't I Have A Picture On Your HD Channels?

Our Standard Digital Receivers are capable of outputting standard definition broadcasts up to 480i. The newer HD broadcasts are available in 720p and 1080i. In order to tune and watch these newer broadcasts, you must have an HD Receiver from ATC to take full advantage of the programming capabilities. The last option is to connect a splitter on the input side of the digital cable box. Run one line to the "digital cable in" input of your TV and allow it to auto program the digital channel line up. Run another line from the splitter to the "Cable In" input of the black Digital Receiver. Connect the "TV/VCR Output" line to the other screw-on connector on the back of your TV named "Antenna" and tune it to channel 3. You most likely will need to use your factory TV remote to swap the tuners in your TV. All TV's are basically the same, but many have different features and options. Consult your TV's owners manual for help with connections.

Why Do I Have Black Bars On My TV?

TV Broadcasts are sent to ATC in many different formats from our networks. We transmit them to our customers in the same format in which we receive them. Some are broadcast in a 16:9 aspect ratio or "Widescreen." Others are broadcast in a 4:3 ratio or "Standard" format. Many of the new HD TV's have a screen size of 16:9, and most of the HD content is broadcast in the same way. "Most" is the key word because some of the older content that was recorded before "Widescreen" has not been reformatted to the new standard. Some of the new content such as newscasts and soap operas are still broadcast in standard format which means you will have black bars on the sides of your screen. All content broadcast after February 17, 2009 should be in the 16:9 or widescreen ratio.

I Bought A New TV & My Remote Stopped Working. Why?

The remote that ATC supplies with the digital receivers is a universal-type remote. Universal remotes need to be programmed for each different type of TV that you want to control. For instructions and how to program your remote, visit your local ATC office.

Why Do I Have A White Volume Bar At The Top Of My Screen With My New Remote?

When ATC installs a digital cable receiver, we enable a setting on the receiver called "Optimal Stereo" which constantly outputs audio at a fixed level; and then the user is able to control the TV's volume as they wish. This setting is found under the home menu, then settings, then audio settings, then toggle to the left or right so that "Optimal Stereo" reads "Yes." Then we set the remote control to always control the TV's volume so you don't have to worry about changing both settings. If you get a new remote without these changes, you can disable the optimal stereo settings accidentally. To program your new remote, call your local ATC office.

How Can I Get The Best Audio Out Of My DVR?

A DVR has a digital coaxial output and a fiber optic audio output for the optimum connection, assuming you have a TV or Home

Audio Equipment that also has this input. This is the only way to broadcast digital information and take full advantage of the audio available with the new HD broadcasts. Utilizing the standard left and right (red and white) audio connections only allow an analog audio connection even if you have it connected to the best audio equipment available.

What Are The Best Cables To Hook Up My TV For Optimum Viewing On HD?

Many different types of cable are capable of repeating the 1080i image whether they are Component Video cables (Supplied by ATC), HDMI cables, or DVI cables. HDMI cables allow the TV to communicate with the DVR and exchange information about proper settings with no additional input from the user. In this day of ever changing technology, this TV-DVR communication can cause compatibility errors as the broadcasters ultimately influence the information transmitted to your TV.

How Do I Change The Front Of The Receiver To Show The Channel Instead Of The Time?

The method to change the front display is to press menu 2 times, select Cable Box settings, then front LED Display, then select either channel or time. Once you are satisfied with your settings, press exit to return to your program.

How Do I Change The Video Output Settings Of The DVR To Match My New TV?

Not all HDTV's can display every output format (1080i, 720p, 480p or 480i) available on the Motorola receiver. To select a different format:

- Ensure that your Motorola receiver is plugged into a power outlet and is turned off.
- Press the MENU key on the front panel. Your settings are displayed on the Motorola receiver front panel display.
- Press the "s" and "t" keys to display the YPbPr OUTPUT setting.
- Press the key to cycle through the available output formats until a picture displays on the TV.

My Picture Is Frozen But The Audio Is Still On From Some Other Channel. What Do I Do?

Unplug power cord from wall and allow unit to reset for 5 seconds. DVR may take up to 2 minutes to reset after reconnecting. If problem persists, call the repair line. Simply turning OFF and ON from the remote will not usually fix this problem.

I Have No Audio But The Picture Is On.

Check to see if Mute is enabled on both the DVR and the TV set. If not, you may have scheduled a recording and powered the DVR off. The DVR can turn itself on to do the recording, and the volume is locked so as not to disturb you. If you leave the DVR turned On all of the time, this shouldn't be a problem.

I Have No Picture, But I Have Audio & The Info Bar.

Either disconnect the power cord and allow the DVR to reset, or press LIST on your remote and watch one of your previous recordings. Exit from the recording and all things should operate just fine.

ALMA/BACON COUNTY

Alma/Bacon County is located on the Coastal Plains of Southeast Georgia, approximately four hours south of Atlanta, one hour west of Brunswick and the Golden Isles, and two hours north of Jacksonville, Florida.

A central geographical location and relatively inexpensive land make Alma/Bacon County an ideal location for industry and homes. A casual, easygoing community with no traffic congestion or urban sprawl, provides the environment for a simplified way of living with easy access to urban amenities. A wide range of health care options are available since Bacon County has a hospital with 18 physicians practicing in 14 specialties.

Bacon County also offers ample opportunity for education with a public school system, a technical college, and several other colleges within 30 miles. Offering plentiful business services and amenities means nothing without a desirable quality of life to support it all. Alma/Bacon

*Alma/Bacon County—
The Blueberry Capital Of Georgia*

Bacon County Courthouse

County is the "Blueberry Capital of Georgia." Blueberries have become the area's point of pride, kicked off each year by the annual Georgia Blueberry Festival, which is held the first weekend in June.

Alma/Bacon County residents and visitors enjoy a blueberry cooking contest, blueberry plants, and fresh blueberries for sale by the local 4-H Club, beauty contest, theater production, arts and crafts, 5K run/walk, pie-eating contest, senior beauty pageant, Friday night street dance, and a blueberry pancake breakfast in celebration of this locally cultivated, colorful fruit. The festival is held in downtown Goldwasser Park.

PIERCE COUNTY

Photo by Casey Jones

With stately homes, high steeples, and a bustling economy, life around Pierce County has just enough vigor to be rewarding—but laid back enough to make life worthwhile.

Pierce County is home to a variety of small to mid-size firms specializing in transportation and logistics, agriculture, manufacturing, healthcare, mineral processing, and construction. In addition,

we are an antique hunter's paradise boasting dozens of individual shops, thrift stores, antique malls, and cafes.

"Excellence is Standard" in the Pierce County School System. Our school system's accomplishments in academics, athletics, and fine arts are recognized and respected throughout the state. The Pierce County Chamber of Commerce and the Pierce County Industrial Development Authority work closely with local educators and government entities to identify workforce development trends and needs.

Blackshear's Better Hometown, Inc. and the Patterson Eagle Station Board bring exciting festivals, community events, and big-name entertainment to the area. Every fall, folks come from all over the south to visit E.L. Cravin's Haunted Funeral Parlor located in historic downtown Blackshear.

With three 18-hole golf courses within 10 minutes of downtown Blackshear, ideal fishing and paddling in rivers and lakes, an abundance of hunting land, and the coast only minutes away, Pierce County is ideally suited for a relaxing way of life.

We have just the right mix - "Come to Pierce County, and enjoy the good life!"

WAYCROSS/WARE COUNTY

On behalf of the Waycross/Ware County Chamber of Commerce, we are delighted that you have chosen to experience our community. We welcome you to the gateway of Southeast Georgia and the Okefenokee Swamp and invite you to discover our area's natural beauty and, most of all, the friendly people.

We know you will enjoy either a visit or permanent stay in our community, because not only is Waycross/Ware County the right place for work and play, but we also offer an exciting array of stores to accommodate any of your needs—from recreation, to clothing, to household goods, to building materials and much more. We have several restaurants to entice your taste buds and unique gift shops to provide the perfect gift for yourself and others.

Waycross' historical downtown area features older homes, churches, retail and office buildings, along with the local flavor of several restaurants. Our emphasis on quality leadership in government, the variety of businesses and a dedicated workforce help make Waycross/Ware County the perfect place to live and work.

Laura S. Walker State Park; Photo by Larry Gattis, Waycross/Ware County Chamber of Commerce

The business community is thriving, with new businesses opening up constantly. Trains were what built this community, and they are still going strong. Waycross is home to one of CSX's major train yards, the Rice Yard. We welcome you to join our business community!

Ware County Schools stand by the slogan "Pathways for All, Success for All"—demonstrating their commitment to successfully educate all students. Further educational opportunities are available at South Georgia State College and Coastal Pines Technical College, which are key elements in the educational and cultural climate of Waycross/Ware County.

Health care providers in Waycross/Ware County offer not only the best in medical services, but add that extra personal touch that is so necessary during the healing process. Our health care community includes the excellence of the

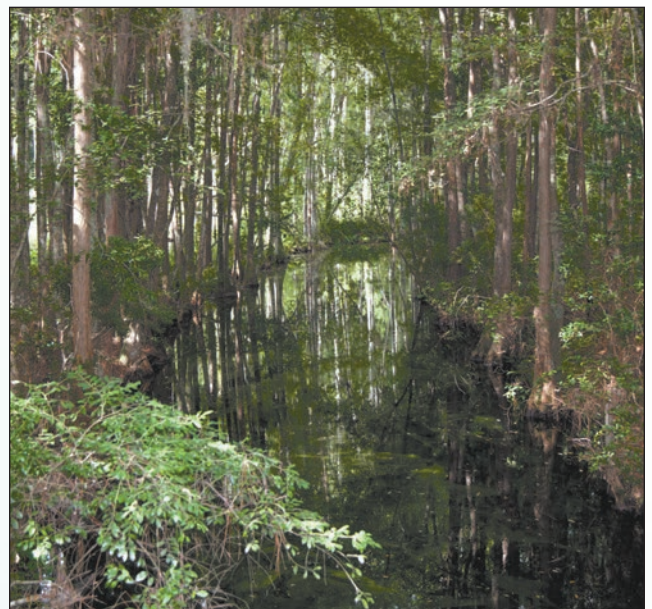

City Hall, Waycross

largest hospital in the area, providing services to help your family achieve optimal wellness.

As community leaders, we pursue the best quality of life for all our citizens. Waycross provides the best in community services. We also provide a variety of worship choices.

Please take a few minutes to see what we have to offer. Whether you are staying for a few days or a lifetime, we are glad you are here. If you have any questions, please feel free to contact the Chamber at (912) 283-3742.

SOUTH GEORGIA STATE COLLEGE

South Georgia State College is a multi-campus institution that serves 2,500 students throughout Georgia, the region, the United States and abroad.

The College's main service area encompasses 15 counties in southern Georgia. It includes campuses in Douglas and Waycross, entry programs through Georgia Southwestern State University (Americus) and Valdosta State University and Dual Enrollment program in partnership with several area high schools.

SGSC currently offers six bachelor degree programs: Bachelor of Science in Biological Sciences, Bachelor of Science in Management, Bachelor of Science in Nursing, Bachelor of Science in Long-term Healthcare Management, Bachelor of Science in Elementary Education/ Special Education and Bachelor of Arts in Professional Business and Technical Writing. The college offers 19 Associate of Arts and Associate of Science transfer pathways and a career Associate of Science in Nursing.

Students have the flexibility to live on campus in Douglas or plan their schedules around family and work by utilizing any of SGSC's convenient locations. The Douglas Campus boasts two modern residence halls, which provide additional student life programming and all the amenities and comforts of home. A revitalized dining hall and the Clower Student Life Center offer additional social activities. Likewise, the Student Learning Center and the James M. Dye Student Services Building provide a sense of community and fun for students utilizing the Waycross Campus. SGSC offers many clubs and organizations to provide students with a well-rounded collegiate experience.

SGSC's Douglas Campus features two modern residence halls. Both have many amenities of home such as: a private bedroom, semi-private bathroom, WiFi, bed frame with mattress, dresser, personal study desk, on site laundry, 24-hour security, Dining Hall access, and much more!

As an SGSC student, you'll have access to our Academic Success Center and STEM Center where you can receive free tutoring and participate in many skill building workshops.

SOUTH GEORGIA STATE COLLEGE

Intercollegiate athletics has a rich heritage in both Douglas and Waycross, drawing athletes from throughout Georgia as well as other states and countries. The athletic program includes baseball, men's basketball, women's cross country, women's soccer, women's softball, and men's and women's swimming.

Students may also enjoy intramural sports and individual play on numerous fields and courts on both campuses. The Douglas Campus features a nine-hole golf course and an indoor junior Olympic-size pool in its Wellness Center complex.

The Waycross Campus has its own array of recreational venues, including two ponds, a para-course walking trail that meanders through the 150-acre campus, a gymnasium, and tennis and racquetball courts.

SGSC partners with economic development officials to strengthen the quality of life in the communities it serves by hosting cultural or educational events each year. Both the South Georgia State College Foundation and the James M. Dye Foundation support the College through annual awards of scholarship assistance. Funding for campus priorities not covered by the State or through tuition is also provided by the Foundations to strengthen the institution's academic and economic footprint throughout Georgia.

SGSC's nursing students are able to test their skills and knowledge with hands on learning activities.

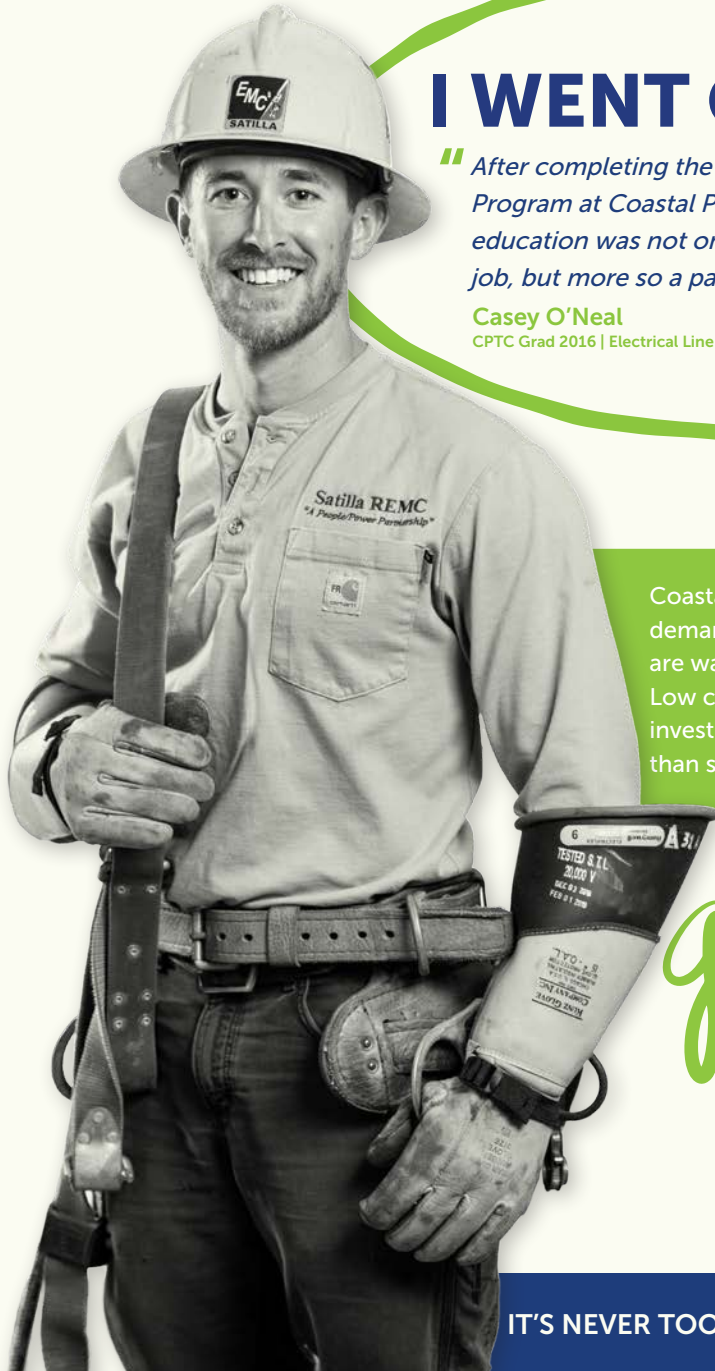

For more information about the many educational opportunities available at SGSC, visit www.sgsc.edu, email admissions@sgsc.edu, or call 912-260-4200 (Douglas Campus) or 912-449-7600 (Waycross Campus).

COASTAL PINES TECHNICAL COLLEGE

I WENT COASTAL!

"After completing the Electrical Lineworker Program at Coastal Pines, I realized that technical education was not only a great path to finding a job, but more so a path to a fulfilling career."

Casey O'Neal

CPTC Grad 2016 | Electrical Line Tech- Satilla REMC

Coastal Pines offers **40+ career paths** in high demand career fields where high wage jobs are waiting for skilled employees. Low cost or free tuition allows grads to invest in their dreams after college rather than student loan payments.
